Some people are looking for these: 100 Doors revenge level 17 100 Doors revenge walkthrough level 17 100 Doors revenge cheaters Level 17 More related to this page: Tags: James Thomas | August 27, 2014 | Step-by-step instructions | 100 Doors: Floors Escape, as the name suggests, is a room escape game for Android devices. Developed by 100 Gates, the goal is to solve the riddle and open the door to escape the collapsing skyscraper. Solve puzzles using tips along with all the features of your mobile device to unlock the door: drag, shake, touch, swipe, tap, tilt, etc. Below is a demonstration for each level at 100 Doors: Floors Escape. Door/level 17: Lift the cloth slings on the floor and clean it by swiping up or down on the panel on the right side of the door. When you see the hand, press and hold your finger until the door opens. Door/Level 18: Swipe toward the screen to which each arrow points. For example, swipe left on the left arrow (when you do it correctly, the arrow turns green). Start at the down arrow in the left column and move clockwise (ends with the down arrow in the right column). Swipe down, left, left, right, right, left, right, Up to door/Level 19: See colored lines and door numbers. Add or subtract the number on the door with rows next to it, and then change the puppies on the floor to match that number. Left column: 2 red lines + 2 = 4 (red cubes) 2 blue lilies - 1 = 1 (blue cube) 1 line + 1 = 2 (yellow cube) Right column: 2 yellow lines + 2 = 4 (yellow cubes) 3 blue lines + 1 = 4 (blue cubes) 2 lines + + = 5 (red cubes) Door/Level 20: Slide the door to the right and change the colours of the boxes to match the door. Slide the door to the left and change the colours of the boxes to match the door. Congratulate! You have completed levels 17 to 20 / 100 Doors: Floors Escape. Continue to levels 21-24.
